

Perspex® Cast Acrylic Sheet Metropolitan

Available in 3 and 5mm

Perspex® Metropolitan – a unique material that combines a beautifully transparent neutral sheet with a highly defined edge to create the ultimate city style.

Taking its inspiration from the sleek and sophisticated urban style of the great cities of the world, Perspex® Metropolitan oozes with cool, contemporary city chic.

Ideal for sophisticated Point of Sale applications, ultra-modern shelving, contemporary interior design or creative artworks and interior design, Perspex® Metropolitan creates an eye-catching look that delivers its own unique style.

What makes Perspex® Metropolitan so special is that the coloured edge effect is inherent in the sheet – so that whatever your preferred cutting, fabrication and finishing method, you can create a beautifully polished finish and striking edge effect whatever the size, shape or application. Available in a choice of four monotone edge colours, Perspex® Metropolitan offers the perfect colour collection to help you create your own urban appeal:

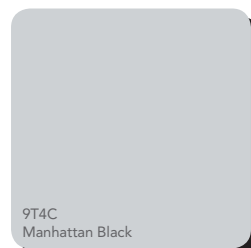

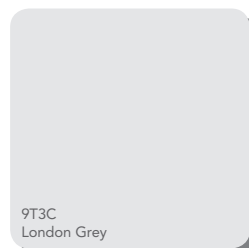

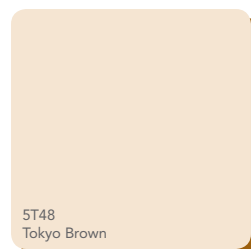

Manhattan Black – a deep intense black with high edge definition

Moscow White – a subtle white to lighten the mood

London Grey – a sophisticated grey to add texture and depth

Tokyo Brown – a contemporary brown to warm the palette
