

PERS

Perspex® Cast Acrylic Sheet Pearlescent

Available in a range of thickness options

Formulated to provide a range of products all with a softly shimmering lustre, Perspex® Pearlescent offers even more choice in today's retail environment.

Perspex® Pearlescent offers an attractive effect to designers and specifiers – whether in the world of Point of Sale, display and visual communications, or other areas of design such as furniture and interiors.

The lustre in Perspex® Pearlescent is further enhanced by subtle changes in its appearance depending on the light source and direction, meaning that virtually every POS display crafted from Perspex® Pearlescent could be considered almost unique!

Pearl - a natural light opal

Azure - a cool and delicate blue

Candy - a soft and subtle pink

Platinum - a steely, almost metallic grey

Caramel Gold - a rich warm gold

Available in

1PY1
Pearl

4PY5
Candy

5PY0
Caramel Gold

7PY3
Azure

9PY2
Platinum

Perspex® Pearlescent is a single sided product, use face side only. The beauty of the pearlescent effect is due to the nature of the pigments used reflecting light in a number of directions. Some variation in natural or perceived colour will occur. This natural variation will also provide a directional effect. Adjoining samples should therefore be cut in the same plane.
